# 2025 Data

158 Students took survey

71 Students eat cafeteria lunch

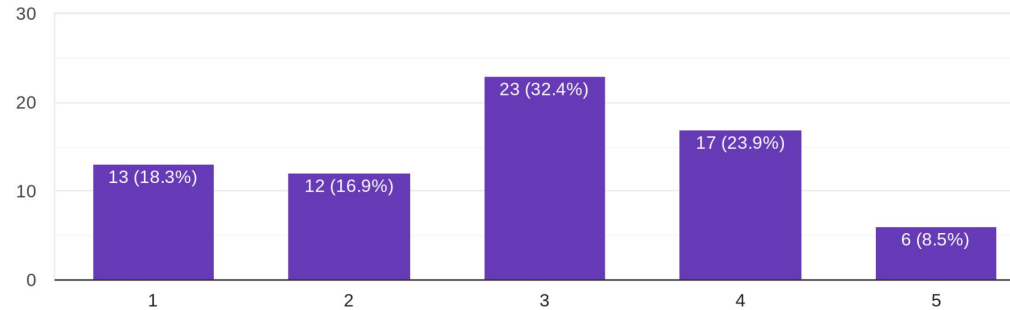

How many times a week do you eat school lunch?

157 responses

The lunch this year is better than last year

71 responses

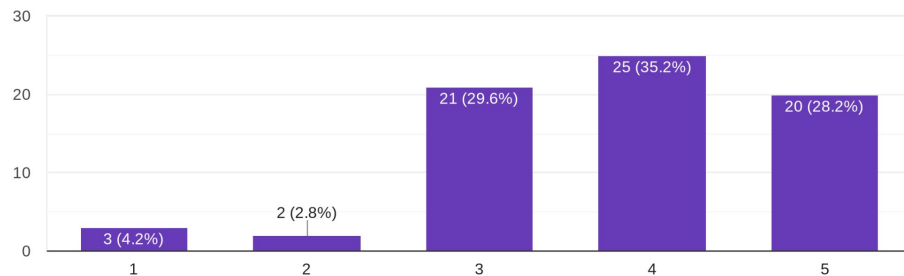

1- Strongly Disagree..... 5 - Strongly Agree

# Data Continued...

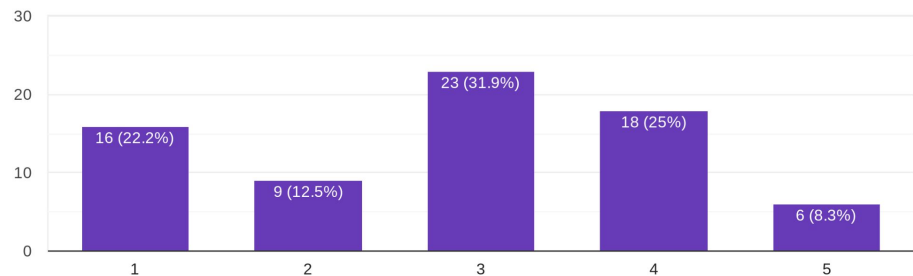

The school lunch is allergy safe

71 responses

Do you feel that there are enough options for lunch?

72 responses

1- Strongly Disagree..... 5 - Strongly Agree

# Challenges Faced

- Hard to gather data
- Company availability
- Learning the process

# What we learned-

- We learned...
  - **Research skills-** conducting research on food vendors and other aspects of this project
    - Ex. separate good sources from bad ones
  - **Decision making and Evaluation-** we learned how to assess our options based on specific criteria and make informed choices
  - **Data collection and Analysis-** Gathering feedback data improved our ability to collect others opinions and analyze trends through data
  - **Collaboration-** Working through a structured process to enhance teamwork and project enhancement skills
  - **Bidding process-** we learned the process that the school goes through to select a food vendor

Thank you
